Highland Bookies Report  
Cold Mountain

February 23, 2004

by Charles Frazier

Name	Grade	Comments
Judy Bessie	B	Too Bloody & Brutal. The love story was a little weak, but could redeem the inhumanity in the book somewhat.
Nora Ruppert	B	Very informative, historically, but a little heavy on the brutality. The language was appropriately archaic but hard to slog through.
Diane Davis	B	this book seemed to bog me down physically & emotionally. This man's view of the war was graphic & too brutal. I'm sure had he lived, he would have suffered from Post War Syndrome.
