

Book Review
Madame Bovary

April 15, 2009
by Gustave Flaubert

Name	Grade	Comments
Judy Bush	C	Madame Bovary was a loser ! I hated her and all the flat characters in the book. I was glad when she finally killed herself. She couldn't find any joy in her life & looked for joy in all the wrong places.
Dina H. Davis	C	Madame Bovary lived in a fairy tale that didn't end "happily ever after." How did she become so enspelled in her view of life? All the characters are so gray & flat. It was easy to skim through this one.
Martha Scott	C	A sad tale of a woman that could never be satisfied with what she had - living in the fiance. My translation left a lot to be desired and I have to admit I skimmed many of the descriptive passages. I had to laugh at the bullet summaries at the beginning of each chapter. A book full of sad and worthless characters.
Mera Ruppert	C	It was hard to enjoy a book where all the characters are relentlessly awful. Also it's hard to abide people who are so victimized by their nature - I just don't believe they need to be.
Sheryl Davidson		Didn't read -?
