Sheryl Davidson	A	Thanks for forcing me to read this book... I feel lucky to be more informed to the history of the Jewish - Arab conflicts. I thought that the writing was great and I have alot of admiration for the authors. for their voice in the history & truth of this history - alot of pages but worth it!!
Nora Ruppert	A	I've wanted to read a history about this subject for a long time, so this has been perfect. I'm really enjoying this book & am looking forward to finishing it - well written, good detail.
Angie Finkert		 Anne was here.
Jan Lewallen	A	Had wanted to read this to learn some of the history - It was work, but I am so glad to have read it - learned alot - Much was gut wrenching - amazing the courage - Jews are incredibly resilient against amazing odds - learned about Arabs vs Jews culture - Well written
Digne Davis	A	I am so glad to have read this book. It really has broadened my views of Israel. It was very compelling after the first 150 pages.
Maisha Boon		Great to be gaining an understanding of the deep, long standing conflict of these two races. I do plan to finish.

Judy Bush 	A-	Gave me an understanding of today's situation in the mid-east. Fascinating detail on behind the scenes information of the beginning of the state of Israel. It was a little overwhelming with too much detail & too many names.
